WHERE LUXURY TIMBER WINDOWS AND DOORS MEET YOUR DREAMS OF ELEGANT AND SUSTAINABLE LIVING

We understand that your home is a reflection of your unique taste and style and we have dedicated ourselves to creating exquisite timber windows and doors that will enhance the beauty and grandeur of your property. Our brand represents a perfect blend of timeless aesthetics and cutting-edge technology, all crafted to enhance your living spaces.

But our commitment to excellence extends beyond aesthetics. With the understanding that luxury is not just about appearance, we have engineered our timber windows and doors to offer unparalleled performance. Our products provide exceptional thermal insulation, noise reduction, and security, ensuring that your home remains a haven of comfort, tranquillity, and safety.

This commitment is exemplified through every aspect of our design and manufacturing process. That's why we use only the highest quality materials, sourced from sustainable forests, and employ state-of-art construction methods to create our exceptional products.

We believe that every element of your home should inspire awe and evoke emotions. With Bereco, you can be confident that our beautiful, bespoke timber windows and doors will transform your property into a haven of opulence, creating an environment that is as inviting as it is awe-inspiring.

WHAT MAKES BERECO DIFFERENT?

Industry Leading Service

When you choose Bereco, you are not just investing in **exceptional timber windows and doors**; you are investing in an **industry-leading service experience**. We are committed to ensuring that every step of the process is seamless and stress-free for our customers, which is reflected in our impressive **98% recommendation rate**.

We understand that every project is unique, and our **expert design team** is here to bring your vision to life. Our designers work closely with you to understand your specific requirements, preferences, and architectural style. From traditional to contemporary, we have the expertise to create windows that perfectly complement your home or building.

We are confident that we will **exceed your expectations** and deliver windows and doors that transform your space into something truly remarkable.

Flawless Quality

We utilise the most up-to-date manufacturing techniques at our **state-of-the-art** facility, offering unmatched quality and finish. We undergo annual testing of our windows and doors audited by third party certification body Bluesky Certification, with schemes covering our products' weather performance, security, manufacturing, paint application, and material sourcing.

All Bereco timber windows and doors come with a manufacturer's warranty. We are so confident in the quality of our windows and doors and our factory finishing that we give a warranty on our timber for **30 years** and even offer a **10 year warranty** against defects in manufacturing and factory finishes.

Superior Performance

Bereco timber windows and doors come with **enhanced security features** built-in as standard. Home insurance approved **multipoint espagnolette** locking and **Neighbourhood Watch** approved **ERA Fortress** door cylinders make ours some of the most **secure** wooden windows and doors on the market today.

Our timber windows and doors are designed with **optimum energy efficiency** in mind. Timber is an excellent insulator and we utilise high-performance glazing and weather seals to go above and beyond the requirements of the building regulations.

Our standard 24mm double glazing provides a **sound reduction of 33dB** and our specially designed **acoustic double glazed units** offer **sound reduction of up to 42dB**, ideal for properties with traffic noise or that are close to an airport.

Our Ethics

At Bereco, our mission has always been to supply beautifully bespoke timber doors that do not cost the earth.

Our timber doors are manufactured from either **FSC®100% certified** or **100% PEFC Origin certified timber**. This means that every section of timber that we use has full traceability back to a forest that is certified as sustainably managed by an internationally recognised institution, which is essential in helping in the fight against deforestation.

We are a proud and active member of the **Alliance For Sustainable Building Products** demonstrating our commitment to sustainability.
